VOL. II

BOY SCOUT FUND SEALS AND CAMP POST STAMPS

This study of Boy Scout Fund Seals is an attempt to compile for the first time, how the Scouts of the world have used seals to provide funds for Scouting in their own countries. Also, this shows the stamps used in the conducting of their various Scout Postal Services.

Where dates are missing or where little information is available, your help is needed to tell the story behind these stamps and seals.

While Vol. I deals with "Boy Scout Stamps of the World" as issued by governments, Vol. II is concerned with so called "private" fund seals and camp posts as promoted by the Boy Scout organizations throughout the world.

Your author knows only too well how incomplete this presentation may appear. However, any information you can contribute will be gratefully appreciated and will result in a more complete, revised edition in the near future.

Scouting is a world brotherhood promoting peace and international friendships. If you are interested in combining your hobbies of Scouting with Philately and want to create goodwill through world wide correspondence write to me about S.O.S. (Scouts on Stamps Society)
