

Scouts On 80 Nations' Stamps

Mid-October Scout Set From Dahomey

The Republic of Dahomey, located on the west coast of Africa, between Togo and Nigeria, has honored its Boy Scouts with four different stamps and a perforated souvenir sheet with the same four values.

Designed in Paris, by Claude Haley, the designs appear in three colors each: 5 francs, Scout signaling; 10fr., Scout banners and flags; 30f., two Scouts at campfire, map outline of their country; and 50f., Scouts building bridges.

The souvenir sheet is 3 7/8 x 6 5/8 inches in size, printed horizontally. The first day of issue was scheduled for October 17.

Boy And Girl Scouts, Scouting Popular Topical Subject; First Issue Antedates Organization

The Scouts on Stamps Society International is now celebrating its 15th anniversary year. During the current year more than 1300 members have enjoyed its benefits and fellowship, and it is interesting to note that 49 of these 1300 present members joined the Society in the first year of its existence.

The SOSSI roster includes collectors from all but two of the 50 states of the United States and from 48 countries around the world. Though most of them are adult men and women, there is a growing number of Junior members.

Sixteen regional chapters are now active in areas where there are concentrations of members, to provide fellowship, exchange of material, and interesting programs relative to Scouts on Stamps. Liaison and cooperative efforts are carried on with groups with similar interests in Australia, Austria, Great Britain, and the Benelux countries.

Most of the members of the society either are or have been members of the Boy Scout or Girl Scout (or Guide) Assn. in their countries, but such membership is not a requisite of membership.

The objectives of SOSSI include the promotion of international goodwill and understanding by means of Scout philately, the constant study of issues of stamps related to the Scouting movement, its activities and individuals associated with it, and the sharing of such information with everyone interested in Scouts on Stamps.

Through the pages of the Society's monthly "Journal" pertinent material on current and coming issues is offered along with a wide variety of articles, geared to the varying interests and ages of the membership.

The Journal also provides contact with sources of Scout philatelic material, Scout seals and other related items. Through its newly inaugurated sales service it affords Scouting associations and opportunity to market Scout philatelic material which is being sold for the direct benefit of the unit involved.

SOSSI is in no way organically related to any of the National Boy Scout and Girl Scout associations, but it maintains a cooperative relationship with them through the World Scouting Bureau.

The collecting and study of Scouts on Stamps has a truly "round the world" flavor since there are 80 countries to date which have issued stamps related to the Boy Scout and Girl Scout movements. Among the newest additions to the list are Guatemala, the Republic of Upper Volta, Saudi Arabia, and Dahomey.

Though the earliest stamps recognized as related to Scouting,

In addition to these organized groups there is a considerable exchange of correspondence, material and informational material between members in each country and between countries on a genuine "People to People" basis.

Officers of the society represent many parts of the world and the various sections of the United States giving the organization a truly international structure. Though the group does not have stated international business sessions, it does have reunions of members at the Boy Scout World Jamborees held in various parts of the world and at various National Jamborees.

Plans and preparations are now well under way for one of the biggest gatherings of this kind to be held at the XII World Jam-

The First Scout Stamp: Czechoslovakia, November 7, 1918

Harry D. Thorsen Jr.

In any topical collection there is always great interest in the "first" stamp issued. This honor rightfully goes to the former Czech Scouts after World War I when the League of Nations formed their country.

The Sea Scouts provided postal service from November 7 to 25, 1918, for the National Committee of Liberation, while their Country was having a new birth of freedom.

Under the leadership of their Chief Scout, Roessler Orovsky, official mail was distributed between the city hall, police, parliament, and the railroad station in the capital city, Prague.

An ingenious method of producing the stamps for this service involved printing from a typographed plate with the perforations and the embossing all made in the same impression. This accounts for the outline of color seen on the perforations.

The top inscription means "Czech Scout Post"; the lower means "In the Service of the National Government". Cancellation "N. V." in a circle is "National Committee". Cancel "Posta Skautu" is "Scouts Post" in black, violet and red inks.

Produced from single dies there are no genuine pairs or blocks. The 10h. was for post cards and the 20h. for letters with the Scout collecting the fee upon delivery.

Each letter was actually "registered" mail since the receiver was required to sign his own name in a rubber stamped space on the envelope, remove the contents, and return the envelope to the Scout as a receipt for delivery.

Because of great intrigue and distrust of political enemies each of some 96 Sea Scouts had his signature on approved lists to be compared by the government officials before they accepted the mail and disclosed their identity.

The Scouts, therefore, had to sign their names on the envelopes first, for this proof as official messengers. Forgeries of the stamps and envelopes are known and are crudely made. Post cards were printed from the 10 haleru plate and are very rare.

Both stamps were overprinted on December 21, 1918 "Prijezd Presidenta Masaryk" for one day of postal use (means arrival of President Masaryk). Only 600 copies of each were unofficially printed and are questionable collectors items.

These are also faked upon genuine stamps, as well as forged stamps. Some catalogs do not list these stamps since they were issued before the country was organized. Yet, they have seen more postal service than many listed stamps.

(Editor's Note: Mr. Thorsen is member No. 1 of Scouts on Stamps Society, International. His book "Boy Scouts Stamps of the World" in 1949 started the interest that formed this society. He served as its president for the first five years, and as a director since 1956.)

VICTOR SCUECHE
 2508 Newkirk Avenue

BADEN-POWELL ON WORLD STAMPS is the subject of this display of a round dozen color prints of stamps which feature his portrait. The famous British general was born in England in 1857, and founded the Scout Movement in 1907. He died January 8, 1941 at the age of 84, leaving as his last message to Scouts: "Try to leave this world a little better than you found it."

Cover Society Will Co-Sponsor \$5 FD

For the first time in the history of the American First Day Cover Society, the philatelic group will co-sponsor a dedication ceremony in conjunction with the issuance of the John Bassett Moore postage stamp. The event will take place with the cooperation of the Public Archives Commission of the State of Delaware.

The \$5 stamp, honoring the internationally famous jurist is the highest denomination of the new "Prominent Americans" series. It will be issued December 3 at Smyrna, Del., Moore's birthday and birthplace.
 Present at the ceremony will be Tom Laufer, the stamp's designer. Also expected to attend are Governor Terry, Senators Boggs and Williams and Congressman McDowell. Representing the AFDCS will be President Patterson and several board members.

As a service to philatelists, the AFDCS will secure copies of the dedication program with the stamp tied on by a first day cancellation.

Because of the high value of the Moore stamp, orders accompanied by \$6 must be received prior to the day of issue, by R. Graebner, 626 Woodward Bldg., Washington, D. C. 20005.

I am able to fill in your want list of Hungary, Switzerland, France and all the European countries.

over to U.S. currency in 1958, 40,000 additional copies of Ryukyu #24 were ordered, these were received some over to the U.S. currency issues. Thus it was decided not to issue these in the few remaining days, and only some picked up a few sheets of this issue to replace their depleted stock, approximately 400 of the #24 differs from the regular #24 in color, paper, and gum, only the design is the same. Thus this may be Ryukyu. What happened to the remaining stock of this printing, you may ask, well they were destroyed. They last at only \$250.00 each, a real bargain compared to the quantity available.

ented the "Far East Fact Sheet" please excuse the delay. We want to make the first edition a real collector's item a study on type of sheet perforations, a study of varieties has been completed, with photographs of sheets. The list of varieties is about as complete as possible, but in a study such as this you can't possibly see all the reasons that a collection of Ryukyu is so much enjoyment. A complete collection of Ryukyu was finding a new variety of an issue. A perforation study of each issue by sheet, makes it possible to see. We have made a chart of seven different types of sheets, by perforation, this will be in the first. We will need more information from you specialists though, to complete this study. Findings will be. Start taking orders for the first addition at 25c, this is to cover cost of postage and handling. Subscription fee first addition.

in 24 hours of receipt. Please add 25c for postage and handling costs in \$3.00. California residents, please add 4% sales tax. Thank you!

Only 1,000 of the metal engravings were hand made for each issue from #127 to #134, and 500 prior to #127. We are running low on some of these, but still have a fair stock of most. These are very attractive and would make a fine Christmas gift for that special friend. The Microwave cover or #122-23 makes a beautiful frontispiece for the Space Topicalist.

We still have a few Mihons w/ specimens and offer them as follows:

As seen on a first day cover, here are the five Baden-Powell stamps issued by Guatemala last March 3. The 20c (lower right) is the design discussed by the writer.

Scout Stamp Collectors Are Specialists

Harry D. Thorsen Jr.

There is probably no other single group of stamp collectors who collect more avidly than do the collectors of Scout philately. Where do you find more enthusiasm than among a group of adults and youth who collect and study their stamps in every conceivable form:

Original artwork, suggested designs, stories behind the stamps, Scout cancellations, postage meter slogans, first day covers, rarities, die proofs, trial color proofs, errors, as well as postal stationery and the labels and seals that provide funds for Boy and Girl Scouts in many countries of the world?

The original painting by David Jagger

Illustrated here is the follow through of the 20c value of the designs suggested by the Guatemala Boy Scouts Assn. to the government for the five postage stamps issued March 3, 1966.

It is interesting to note that while some changes have been made in details, the basic design has remained.

The designer's sketch

The founder of the Boy Scouts, Robert Baden - Powell is included for the design of the highest value. Since the 50th anniversary of scouting in 1957 a total of 18 different countries has honored this man who conceived the idea of the Boy Scouts in 1907. The movement has since been adopted by

all the countries of the world except the communist nations.

The features of world brotherhood and world peace have never been acceptable to the USSR, even though their "Boy Pioneers" have copied much of the Scout program without the ideals.

Juneau Group Plans Exhibition For '68

The Gastineau Philatelic Society of Juneau, Alaska has voted to return to the PIPEX name in 1968 for the exhibition held under the auspices of the Northwest Federation of Stamp Clubs. That event is now scheduled for the Alaska capital city on May 25-26, 1968.

The 1968 exhibition was given the name of VICPEX in connection with its location at Victoria, B. C. and the 1967 affair at Vancouver, B. C. has been named VANPEX.

Robert N. Druxman, Box 1174, Juneau, is second vice president of the NWFSC and also general chairman of PIPEX '68. He reports that two new hotels are now under construction which will add 118 transient housing units to the city's present capacity. "No housing difficulties are anticipated as the convention dates are ahead of the tourist season peak months," he added.

In other business transacted at his October meeting, the Juneau group voted on a program policy for its nine yearly meetings which feature three stamp grabs, two approval sales, two auctions, an annual banquet and a surprise program. The club meets on the fourth Thursday of each month.

The stamp as issued

At all national and international Jamborees where Scouts camp together, there are "swap-fests" of Scout stamp collectors.

The Twelfth World Scout Jamboree and the first one in the United States will be held this next summer in Farragut State Park, Idaho August 1-9.

Our convention will be Sunday afternoon August 6, at 2 p. m., and we are hoping for a U. S. commemorative stamp to honor the Jamboree with first day covers canceled at the camp.

Some Notes On The 1918 Czech Scout Stamps

Lester A. Behnke

While there is a considerable amount of information available to collectors of Scout Stamps regarding the 1918 Czech Scout stamps, there are several varieties which are not so well known.

It is common knowledge that the stamps were issued between November 7 and 15, 1918 with actual use only between November 7 and 25. These were in two denominations; the 10 haleru in shades of blue and the 20h. in shades of red.

Both were later overprinted "Prijezd Presidenta Masaryka" for use on one day only — December 21, 1918 — for the arrival of President Masaryk in Prague (600 pairs only).

Three different cancellations were used on the regular stamps: the circle with the letters "N.V.", the circle with the words "POSTA SKAUTA, PRAHA, 1918" and a penciled date, and the scarcer oval cancellation with the words "NARODNI VYBOR, CESKOSLOVENSKY, V PRAZE".

This was only used on letters originating from the headquarters of the National Committee for Liberation.

A fourth circular cancellation with "PRESIDIUM MINISTERSKE RADY REPUBLIKY CESKOSLOVENSKE" was used on December 21, 1918.

Trial color proofs exist in many shades (17 different of the 10h. and 21 of the 20h. in the author's collection). Double paper varieties are in existence as well as three different forgeries of the 10h. and one of the 20h.

Forgeries also exist of the Masaryk overprint. These forgeries are well illustrated and described

in a recent publication from Czechoslovakia covering all of the forgeries from this country.

The Czech Scout stamps do not exist in pairs or blocks as they were printed singly from a single die. The stamp impression also cut the stamp from the paper with a colored edge. Postcards were issued in a limited quantity in the 10h. value only.

Figure 1 shows a portion of a stamp with the so-called "negative" perforation through the center of the stamp which is actually the mating portion of the paper which is cut off from the left side of the stamp die.

Figure 2 shows one of the few impressions made after the die

Figures 4 and 5 above and 3 constitute the "\$64,000 question" in the author's collection. He is interested in learning facts about the printer(s), quantities issued, and general background of the overprints both with and without the crown atop the shield.

was defaced by filing grooves across the surface.

Several overprints exist on these stamps which are not so well known. The first, shown in Figure 3, has a crown above the shield and above all are the words "PROVISORNI CESKOLOVENSKA VLADA" ("Provisional Issue"), known on the 10h.

The 10h. and 20h. also exist with an overprint having the same wording and shield but without the crown above the shield, as shown in Figures 4 and 5.

Detailed information regarding the printer, quantities issued and any other background material on the overprints shown in Figures 3, 4 and 5 will be most welcome. Questions on any of the above items will be gladly answered. The author's address is Box 144, Western Springs, Ill. 60558.

How I Buy Scout Stamps

John W. Owen

Though I have collected Scout stamps for only six years, I learned fast that if my pocket book was going to survive, I had to learn the control of the purse strings. To this day, I am still learning. Of course, my age and the income I receive have determined the technique I use, as I am only 19 years old and the income I receive is that which I make myself.

I have had advice from older collectors and help from different friends and collectors, and I have had an outline of procedure to follow in the purchasing of Scout issues for my collection.

Experience is the best teacher and though I have drawn on it from other people, I have devised my own "system" or "plan of hunt" to secure what I have needed or wanted. Thus far, the following outline I have sought to pursue.

First, by keeping a tab on stamp newspapers and journals I have drawn up a price range for all Scout issues.

Past purchases, the dealer(s) purchased from and their addresses and the dates of purchase(s) help also; when a good price on a particular needed item appears, I ask the dealer the condition of the issue or have it sent on approval for personal examination.

Then I decide whether to purchase it by checking my pocket-book, observing the scarcity of the issue at the moment and by seeing if the condition of the material is what I now can afford.

A second way I look for a good buy is to see what Scout issue(s) I need, then make a list of reputable dealers with whom I have dealt before and ask them to quote me their prices, mint or used, sometimes both, and the condition of said issue.

After scoping the results of the dealers' "bids", I choose one who I think will supply my needs best within the price range scale I have prepared and either buy the item then or ask for it on approval to insure a good purchase.

Many times I have followed this plan with success and pleasure I would say that both plans of scanning the stamp periodicals and taking dealer's prices has produced even or near equal results.

Like every collector, I have been stuck or held up by wild purchases, but my better buying has far outweighed the mistakes. At the present it would be hard to say the amount of money that I have saved, but from the price ranges I've seen advertised, it does add up pretty fast.

Of course, for overall protection and money saving in the long run for the future issues, you should buy through a new issue dealer who gives good service at a respectable price.

Group Devoted To Collecting Autographs

The Universal Autograph Collector's Club, which celebrated its first anniversary on November 1, exists as an independent source devoted to the study of Holography and autograph collecting. The UACC's monthly journal, "The Pen And Quill", features special columns dealing with autographs on stamps and covers, autographs of stamp designers, and other items of philatelic interest.

The club is also in the process of establishing a library of autographic books and periodicals and plans to compile a bibliography of the same.

Anyone desiring additional information should direct their inquiries to T. G. Bryan, Shady Lane, Shrewsbury, N. J.
