

SUPPLEMENT 1
TO
LEVY'S
BOY SCOUT CACHETS
OF THE
UNITED STATES

BY
Sheldon S. Levy and Frank L. Jones

INTRODUCTION

In response to numerous requests, your authors have undertaken the task of editing and publishing this first--of what we hope will be yearly supplements to the original volume "Boy Scout Cachets of the United States".*

Unlike Volume I, which appeared in printed and completely illustrated form, the present edition is mimeographed. This is, of course, because of the prohibitive expense involved in other publication methods. Nevertheless, the listings, as encompassed herein, should provide quick and easy reference to the various cachets and should facilitate rapid identification.

Thanks and acknowledgement for their cooperation and aid in the production of this pamphlet, must be given to the following members of the Scouts on Stamps Society International. John F. Berry, Malden, Mass.; Alfred Cettie, Seattle, Wash.; LeRoy Edwards, Trenton, N. J.; Russell Eliot, Foxboro, Mass.; Edwin Emmerling, Elmwood Park, Ill.; Raymond Garrabrand, Winchester, Va.; George Holland, Detroit, Mich.; O. K. Hunter, Melrose Park, III.; Milton Klein, Atlanta, Ga.; and Sherman Pratt, Baltimore, Md.

In conclusion, it was felt that collectors of Boy Scout cachets were in dire need of this Supplement and that its appearance would be welcomed enthusiastically. We trust that our thoughts in this regard have not been erroneous.
